

## Moorland Hall - Learner Questionnaire – English language

Dear Teacher/Group leader,

At Moorland Hall every learner matters. Therefore to ensure that their experience here is rewarding and beneficial with regard to their English language development we would like to ask a few questions.

Question	Answer
What is the general level of English in the Class/Group (e.g. British Council level A1 – C2).	
Are there any areas of English language you would like us to focus upon e.g. productive or receptive skills, grammar? (please specify which area of grammar).	
Are there any learners who require more support? If so please give the names and the type of support they require.	
Do any of the learners have physical or psychological issues we need to consider. Please provide names and be specific about the condition.	
Are there any questions you would like to ask the English staff? Please provide your email address so we can respond quickly.	

**Many thanks from the English team**
